HOW TO ORDER & SUMMARY OF TERMS & CONDITIONS

- ❑ All prices are **exclusive of VAT at 17.5%** and are in sterling (GB Pounds).
- ❑ An official written order should cover all purchases.
- ❑ Please include full details of equipment required.
- ❑ Delivery and invoice address should be stated when ordering.
- ❑ Delivery requirements should be clearly stated.
- ❑ **N.B.** Due to the bulk and size of items such as **Safety Mattresses, High Jump/Pole Vault Landing Areas and Trampoline Spotting End Decks**, a contribution towards the carriage costs will be necessary.
- ❑ Carriage: Included on mainland (except Highlands, Islands, Northern Ireland & Europe) on orders over £500.00 net value. For orders under £500.00 net carriage is £16.00 plus VAT.
- ❑ Goods cancelled after dispatch or requested to be returned after delivery will be subject to a minimum handling charge of 30%. Goods will only be accepted back with our prior written agreement and then only in an unused and re-saleable condition. The cost of carriage and return carriage where applicable will also be deducted from any credit note issued.
- ❑ Damages must be notified immediately upon receipt of goods and confirmed in writing within 7 days.
- ❑ Payment: With orders except for approved accounts.
- ❑ We accept all major credit cards.
- ❑ Fitting charges extra (where required).
- ❑ Delivery time: normally within three weeks, but for urgent deliveries please telephone for availability of equipment.
- ❑ Specification and price: subject to change without notice.
- ❑ Terms: strictly 30 days net on approved accounts - otherwise pro-forma or credit card.
- ❑ All goods and services sold subject to our full terms and conditions at back.
- ❑ E & O.E.

TRAMPOLINE AND EQUIPMENT SERVICING

At Ceetex we don't forget you once your trampoline has been delivered and subsequently offer a full comprehensive after sales service in accordance with the BAALPE publication "Safe Practice in Physical Education". Ceetex equipment is manufactured to the highest standards with built-in quality and reliability but even so correct maintenance is essential.

Please remember, "Safety Is No Accident" and is your responsibility and your only guarantee of peace of mind is the assurance you will get from regular servicing and genuine spare parts*

Once you have purchased a trampoline and associated equipment from Ceetex or had your existing trampolines serviced by Ceetex we will contact you annually with a reminder that your next service is due. An important item that you can leave us to worry about.

Our prices buy you that peace of mind. Our Service Engineers are fully trained on all makes of trampolines and associated equipment and will inspect for damage and general wear and tear of all component parts, tighten, lubricate and adjust where necessary.

Ceetex then issue you with a full service report for every unit inspected and precise details and costs for any additional work that may be required to maintain your equipment in safe condition. We want you to be our customers for years to come and, by offering the back-up service that you need, together we can ensure that your purchase is a long-term investment.

Price for one to two trampolines – From £85.00

Each additional trampoline – £40.00

* WARNING – The use of counterfeit parts fitted by third parties may invalidate your guarantee and insurance.

PROMOTING YOUR CUSTOMER'S IMAGE

As an additional service we can silk-screen print our products with the name and/or Logo of the Centre or Health Club for a "one off" payment of around £90 (less if you have camera-ready artwork) for the actual silk screen which obviously remains your property. We do not charge for the actual printing.

Other sizes of mats can be manufactured and we will be pleased to supply you with a quotation.

IMPORTANT HEALTH & SAFETY NOTICE – All the range of Ceetex Panelite Mats and Safety Mattresses *do not* contain allergy inducing latex

B) THE CEETEX PANELITE DELUXE MAT RANGE

A lightweight modular mat ideal for Gymnastics, Tumbling, Martial Arts, Wrestling, Judo Practice and Individual Stretch and Pilates Mats. The mat covering is made from tough, washable, tear resistant, flame retardant PVC with an anti-slip base for improved grip on highly polished surfaces. The lightweight infill is of 33kg per cubic metre density, closed cell, cross-linked, expanded polyethylene providing excellent shock absorption. All Panelite Mats are available with or without velcro type fastening for individual use, tumbling strips or complete areas and available in a wide range of colours.

3.05m x 1.53m x 305mm (10' x 5' x 12")	398.00	557.00

C) TRAMPOLINE SPOTTING END DECK WEDGED SAFETY MATTRESSES AND DIVIDING MATS

2.44m x 1.53m x 210mm (8' x 5' x 8") End Deck Mat, Single Wedge	254.00
2.44m x 1.37m x 210mm (8' x 4' 6" x 8") Dividing Mat, Double Wedge	265.00
3.05m x 1.37m x 210mm (10' x 4' 6" x 8") Dividing Mat, Double Wedge	375.00

D) INDOOR CLIMBING WALL CUSHIONING

Tough, tear resistant, heavy duty, polyester reinforced PVC covers with 100mm wide velcro top flaps to cover butt-joints between mats. Quick-release clips to assist in holding mats together. Foam infill of standard or flame retardant polyurethane with a top layer of 33kgs per cubic metre polyethylene foam to prevent the risk of ankle twisting when walking on the mats whilst still offering excellent cushioning in the event of a fall. Made to measure areas will either require an accurate drawing or a site visit. Below is a list of square metre prices that will assist in your costing:

300mm deep (12") Standard Foam Infill - per square metre.....	123.00
300mm deep (12") Flame Retardant Foam Infill - per square metre	142.00
400mm deep (16") Standard Foam Infill - per square metre	152.00
400mm deep (16") Flame Retardant Foam Infill - per square metre	175.00

SECTION FOUR

HIGH JUMP AND POLE VAULT LANDING AREAS

A) SCHOOLS MODULAR HIGH JUMP LANDING AREA - MODULES CAN BE USED AS INDIVIDUAL GYMNASIUM SAFETY MATTRESSES (CRASH MATS)

5000 x 2500 x 500mm deep, consisting of three Safety Mattresses 2500 x 1670 x 250mm and four Safety Mattresses, 2500 x 1250 x 250mm. The modules are produced from tough, tear resistant polyester backed flame retardant, PVC with anti-slip bases and a polyurethane foam infill. Conveniently placed webbing handles are fitted to each mat with a fastening ring to accommodate the reversible spike-proof top pad/wear sheet. All the modular Safety Mattress covers are of the envelope type with one short end sealed with velcro fastening. The reversible top pad/weather cover measures 5000 x 2500 x 50mm, with 450mm sides that hold the Safety Mattresses firmly in place. Quick release nylon buckles are fitted to the top pad for ease of fastening to the modules. The top pad spike proof side of the wear sheet is made of special PVC covered nylon mesh jump pit fabric, with the reverse being of the same waterproof, washable PVC as per the Safety Mattresses. If spiked shoes are not being used, a PVC cover can be supplied in place of the top pad with a reduction in price of £96.00

MODULAR LANDING SYSTEM – complete, STANDARD FOAM..... 1745.00
MODULAR LANDING SYSTEM – complete, FLAME RETARDANT FOAM 1959.00

B) POLE VAULT AREAS

I.A.A.F. specification, 7300mm x 6500mm x 812mm..... 9294.00
I.A.A.F. specification, 7300mm x 5000mm x 812mm..... 7152.00
I.A.A.F. specification, 6300mm x 5000mm x 812mm..... 6172.00
SCHOOLS COMPETITION, 6300mm x 5000mm x 660mm..... 5494.00
SCHOOLS COMPETITION/SENIOR PRACTICE, 5000mm x 5000mm x 812mm..... 4846.00

C) HIGH JUMP AREAS complete with reversible 50mm thick Spike-Proof Coverall Pad

I.A.A.F. Specification, 5000mm x 3200mm x 660mm 2578.00
I.A.A.F. Specification, 5000mm x 4000mm x 660mm 3087.00
I.A.A.F. Specification, 6000mm x 3000mm x 660mm 2651.00
SCHOOLS COMPETITION, 5000mm x 2500mm x 660mm c/w Cut-Outs for Stands 1956.00
SCHOOLS PRACTICE, 5000mm x 2500mm x 558mm c/w Cut-Outs for Stands..... 1723.00
JUNIOR COMPETITION, 3340mm x 2500mm x 456mm 1253.00

CEETEX (LEISURE) LIMITED - TERMS & CONDITIONS OF TRADING

The following are the only terms on which CEETEX (LEISURE) LTD (hereinafter referred to as the Company) will supply any equipment or services to the purchaser and the terms of the order acknowledgement and of these Conditions shall constitute the entire agreement between the Company and the purchaser. No purported variations of those terms will be effective unless confirmed in writing by the Company and in no event will any purchaser's standard conditions of business apply. No liability shall attach to the Company, its agents or employees in respect of any representations of statements made, whether before or after agreement is reached unless confirmed in writing by the Company. No forbearance or indulgence by the Company in enforcing any term shall constitute a variation of it or a waiver of the Company's right under it.

1. ACCEPTANCE: A quotation is made on the basis that it will be accepted in full and a revised quotation may be sent if the customer places an order for only part of the quotation. Quotations remain in force for 30 days from the date shown on the quotation unless any other period is specified in writing on the quotation. After the expiry of this period the quotation must be confirmed in writing by the Company. The contract between the customer and the Company shall be deemed to be made on the date when an order acknowledgement is dispatched and not before. The contract between the customer and the Company shall be deemed to include the description of the goods on the order acknowledgement notwithstanding that the Company may withdraw or alter its goods offered for sale or the specific description thereof for reasons of safety, improvement in design or for any other reason. It is the responsibility of the customer to check that the description of the goods or services on the order acknowledgement is acceptable and to notify the Company immediately by telephone and in writing if the description is unacceptable. Goods may be returned for credit only with the written permission of the Company and at the customer's expense. Goods returned without the permission of the Company will not be accepted and any carriage charges incurred will be the responsibility of the customer. Such permission will only be given if the goods have not been used and are returned in excellent condition. In any such case acceptance of returned goods will be at the sole discretion of the Company and will be subject to a minimum charge of 30% of their published retail price on the Company's current retail price list. Insurance of goods due for return whilst at the customer's premises and whilst in transit to or from the Company or the customer shall be the responsibility of the customer.

2. PRICE: All prices shown in any price list published at any time by the Company may be varied without notice. The Company reserves the right to cover any alterations in raw materials, labour, transport or production costs in the event that completion of delivery is delayed beyond the Company's control. Fitting charges are not included unless specifically indicated in writing by the Company. Such equipment can be supplied by the Company for extra cost. Carriage, packing etc. is included on orders over £500.00 net value for delivery to the UK mainland except the Highlands. The Company reserves the right to charge those prices ruling on the date of dispatch of any goods or the completion of any services notwithstanding any listed, quoted or tendered prices. If the delivery of the products is to be made by installments each installment shall be deemed a separate sale and the payment for each installment by the due date shall be a condition precedent to future deliveries.

3. PAYMENT: Payment in full of the price plus VAT if applicable shall be due within 30 days from the date of the Company's invoice in the case of approved accounts. Invoices would normally be sent on the same date that the goods are dispatched to the customer from the Company or to the customer directly from the Company's supplier. The time for payments shall be the essence of the contract. In the event of default of payment by the due date the Company reserves the right at any time to impose a late payment charge of 2.5% per month or part thereof on money overdue and suspend delivery or terminate the contract in respect of any of the equipment remaining undelivered. New accounts are opened subsequent to the Company receiving satisfactory references and the customer's bankers. The first transaction carried out with any new account will be on a cash/cheque/credit card with order basis.

4. TITLE, DELIVERY & RISK: Equipment shall be at the customer's risk as from the moment it is dispatched to the customer. Insurance for such equipment will only be arranged by the Company if requested in writing by the customer when ordering equipment. Title to the equipment shall remain in the Company until payment of all sums due hereunder has been received by the Company and until such time the Company shall, without prejudice to any other rights it may have, be entitled to go on the property of the customer and repossess and remove the equipment. Until such payment has been received the customer shall not sell, charge or otherwise dispose of the equipment, shall keep the equipment safe and insured at its own expense and shall return the equipment to the Company on demand. It is the responsibility of the customer in the case of short delivery or damage to delivered goods to notify the Company and the carrier by telephone immediately and by letter within 7 days. Please advise the Company by telephone and in writing if any goods are not delivered within 6 days of the invoice date.

5. INSTALLATION & REPAIR OF FIXED & PORTABLE EQUIPMENT: The customer shall allow the Company adequate opportunity to install the equipment before other equipment which will conflict with the installation of the equipment is put in place. The customer shall give the Company adequate notice regarding the position of any other equipment which may conflict with the installation of the equipment. The customer shall ensure that adequate power supplies for the operation of electrically powered tools are available on site and that the lighting and heating is available for immediate use. The customer shall ensure that all floors and working areas are clear of other equipment before installation or repairs are commenced. The customer shall be responsible for arranging for the Company to have adequate access to the installation or repair site to enable work to take place. When a specific completion date is required the Company may require access to the site outside normal working hours, in which case such access must be given without the Company being liable for any costs incurred by the customer or third parties. The price does not include the supply and installation of the conduit and power supply to any electrical installation or the supply of access towers and/or ladders. The colour of the equipment shall be that normally supplied unless variation is agreed in writing.

6. WARRANTY & EXCLUSIONS: The Company warrants that the equipment to be free of defects in materials and workmanship for a period of one year from the date of delivery. During such period any servicing due to such defect shall be done by the Company or its agent free of any charge. If the equipment is, in our opinion, damaged, abused or worn from extended use during the period of one year from the date of delivery or thereafter it will be repaired, if economically possible, at the customer's expense. No other conditions or warranties expressed or implied shall apply except insofar as they are bound to apply by law. The equipment shall be serviced regularly. The Company cannot accept any liability for any loss or damage arising as a result of:

- i) The equipment having been serviced by persons other than those approved by the Company or
- ii) Replacement parts, additional parts or accessories other than those approved by the Company having been incorporated onto or attached to the equipment or
- iii) The equipment having been adapted for use or operated or used in such a way as would not confirm to the recommendations of the Company. In no circumstances whatsoever shall the Company, its employees or agents be liable for any special, indirect or consequential damage arising out of any matter contained, implied or referred to herein. In particular the Company can accept no liability for any expenses or losses incurred as a result of any interruptions in the use of the equipment howsoever caused.

7. TERMINATION: If the customer defaults in complying with any of these conditions or in the event of the customer committing to an act on bankruptcy or going into liquidation or suspending payment of debts or making any arrangement with creditors the Company shall be entitled to cancel any contract hereunder without notice and without prejudice to any other rights which the Company may have. The customer shall agree to pay in full for any goods or services ordered, for which goods or services a purchase order has consequently been placed by the Company with its supplier or sub-contractor, or for which goods a service or works order has consequently been placed by the Company. If the customer wishes to terminate the contract for any reason whatsoever either before or after delivery of the goods or services ordered, he shall accept that payment will be required in full including, if required by the Company, a further payment to cover the cost of disposal of the goods to a third party.

8 EXPORTS: No equipment or materials supplied by the Company shall be exported or transported in any manner to any foreign country outside England, Wales or Scotland without the express permission in writing of the Company. In particular this applies to the United States of America and Canada to which countries of equipment or materials supplied or manufactured by the Company or in which countries the use of such equipment in any way whatsoever is expressly forbidden in any circumstances by any persons.

9 MISCELLANEOUS: The customer shall not assign any rights or delegate any duties hereunder.

The Company reserves the right to sub-contract any or all of its obligations thereunder without prejudice to any agreement assumed by the customer as a result of the customer's own terms of placing the order to any rules of tender assumed to be imposed by the customer, none of which shall have precedence over the terms and conditions of the Company. The contract shall be read and construed in accordance with English law.

Paragraph headings are for ease of reference only and shall not affect the constructions of these conditions.
